

US Highway 16

CORRIDOR STUDY

Public Information Meeting and Open House

**Tuesday
Dec. 10, 2019**

5:30 p.m. – 7:00 p.m.
Presentation at 5:35 p.m.

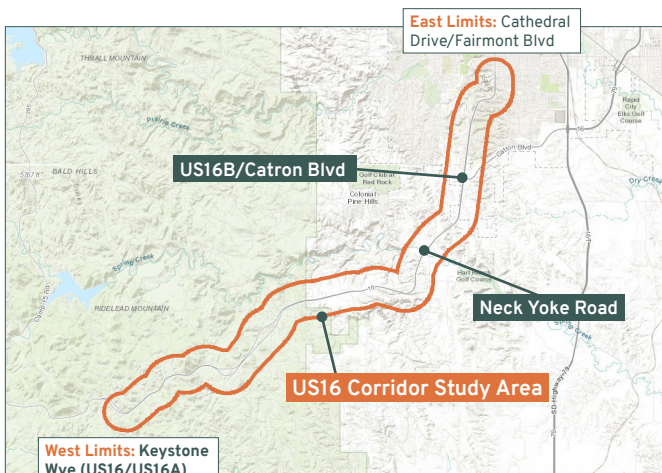

Black Hills Energy

Lobby Event Center (enter either side of building)
**7001 Mt. Rushmore Road
Rapid City, SD 57702**

PROJECT OVERVIEW:

The South Dakota Department of Transportation (SDDOT) with the Rapid City Area Metropolitan Planning Organization, City of Rapid City, and Pennington County are identifying current and future transportation needs for the US16 corridor within the study area. Additionally, the US16/16B/Catron Boulevard and US16/Neck Yoke Road intersections are being studied individually to identify intersection improvements for future projects.

The study area for this project includes US16 from Cathedral Drive/Fairmont Boulevard to the Keystone Wye.

PUBLIC MEETING OVERVIEW:

The project team will hold a public meeting/open house primarily to discuss and receive public input on concepts for the US16/16B/Catron Boulevard and US16/Neck Yoke Road intersections developed as part of the US16 Corridor Study. Input from this meeting will aid in the final recommendations of improvements for future projects at both intersections.

Preliminary concepts developed to date for other portions of the US16 study corridor will also be available for review and comment during the open house.

PUBLIC MEETING OBJECTIVES:

- Present concepts and preliminary findings for US16B/Catron Boulevard and Neck Yoke Road intersections
- Gather public feedback regarding the proposed intersection improvement concepts at the two locations

The meeting presentation will be streamed live on the study website and a recording will be posted afterwards.

Questions and written comments will be accepted until December 24, 2019, and may be submitted at the public meeting, through the website, or directly to one of the project contacts.

PROJECT CONTACTS:

Jon Wiegand, P.E., PTOE
Consultant Project Manager (HDR)
605-782-8105
jonathan.wiegand@hdrinc.com

Steve Gramm, P.E.
SDDOT Project Manager
